I saw the amendment posted with the answers to the questions I submitted. However, one question wasn't fully answered.

Will the most recent inspection/deficiency reports be made available? - No

I only ask this because in order to meet TJC requirements for inspections, we need full device counts (not just pull stations and smoke detectors)...specifically the devices that require semi-annual or quarterly inspections. Will you supply these inspection reports or are we to exclude those potential devices/frequencies from our proposal? – We will not be supplying our inspection reports to vendors. Please submit your bid based on the items actually shown on the IFB.
