

MSH POST EVALUATION RFP AWARD REPORT
WASTE MANAGEMENT SERVICES: RFP 12.27.2018.462
JANUARY 4, 2019

In compliance with section 3-204.04 of the Mississippi Office of Personal Service Contract Review Rules and Regulations, we hereby offer the following summary. In response to the RFP listed above, MSH received three (3) vendor proposals. Proposals were submitted by Republic Services, Waste Management, and Waste Pro in evaluation order ranking from highest to lowest. The MSH Waste Management Services RFP Evaluation Committee after thorough review made the following summary determinations: (1) The proposal from Republic Services meet all RFP requirements, offered sufficient staffing levels, offered sufficient past performance history, and offered sufficient regulatory compliance and equipment levels to meet contractual requirements. Republic also proposed the lowest overall cost to perform the required services. (2) Waste Management's proposal meet all RFP requirements, the proposal meet all service level requirements with the exception of provision of requested training services. The Waste Management proposed cost was also the highest of all received. (3) The Waste Pro proposal was lacking in the areas of resource (personnel & equipment) availability and the proposal did not include sufficient cost reduction/performance improvement information. The proposal's cost was ranked second, however the difference between this proposal's cost and the low offer was still significant.

The eventual contract for these services shall include all terms, conditions, and scope of services specified in the original RFP document issued by MSH. The contract shall also include the terms and conditions of the MSH standard independent contractor agreement. Based on the above information, the MSH Waste Management Services Committee has determined and makes the recommendation that a contract should be awarded to the vendor that ranked highest in evaluation scoring, Republic Services. The Committee offers that based on pre-determined rating criteria, Republic has submitted the best overall proposal.
